

I understand that there is now a proposal to expand LPFM in a way that could give it priority over FM translator service. I am concerned that this could harm a national service like "K-Love", which is heard both in my area and around the country. K-Love provides decent family-oriented programming where you don't need to worry about offensive language or lyrics. It is an extremely positive option in my community, and I'm sure in others as well. I truly believe that it is in the public's best interest to ensure that the operation of K-Love is not affected in any way by any current proposals.
